

## VoiceGold™

### Xiang Yin Pian (Wan)

VoiceGold (Xiang Yin Pian, Xiang Yin Wan, 响音丸), is a Chinese herbal supplement specially formulated for vocal care. Whether you have sore throat, hoarse voice, voice loss, or laryngitis, due to either the cold or overuse of your voice, you may get help from VoiceGold.†

#### What does it do?

A pleasant voice is desirable for everyone yet is essential for those who depend on their voice on a daily basis (e. g., singers, teachers, salesman, customer service rep etc.) When their voice gets hoarse or even lost, they are in trouble.

Hoarse voice is a common voice problem and can be caused by several conditions. Most cases of hoarseness are related to inflammation of the vocal cords (laryngitis) as a result of viral infection (like in the case of a cold) and are associated with sore throat.

Another common cause of voice hoarseness and sore throat is the overuse of voice. For example, people like singers sing all the time; teachers and customer service representatives talk most of time; coaches yell too much. Smoking and excessive alcohol consumption may also cause hoarseness.

No matter the causes, VoiceGold is the choice of home sore throat remedies to provide comfort to your larynx and to clear voice. VoiceGold is a proprietary herbal formula consisting of an unique combination of Chinese herbs that help relieve sore throat and hoarseness, benefit the vocal box, and recover the voice.

In addition to laryngitis, VoiceGold may also be used for early vocal nodules and polyp of vocal cord.†

#### What is the formula composition?

A proprietary blend\* of the following herbs:

- Lian Qiao (Forsythia fruit) is well known for its properties of clearing heat and expelling toxins (pathogenic factors). The Chinese herb may subdue swellings, dissolve lumps and dispel wind-heat.
- Jin Yin Hua (Honeysuckle flower) is a famous Chinese herb that clears heat, removes toxins, and reduces swollen tissues like larynx.
- Niu Bang Zi (Burdock fruit) disperses wind heat and reduces swelling of the larynx to relieve pain.
- Bo He (Peppermint) The commonly used medicinal herb disperses wind heat in the term of traditional Chinese medicine (TCM) and eases sore throat.
- He Zi (Terminalia chebula fruit) is a key Chinese herb for voice loss (aphonia). It may reduce inflammation of the throat to benefit the voice. The Chinese herb is specially suitable for loss of voice due to chronic coughing.
- Jie Geng (Platycodon root) ventilates the lung and clears phlegm. The Chinese herb can be used for coughs caused by various reasons.
- Gan Cao (Licorice root) The Chinese herb moistens the lung, relieves cough and transforms phlegm. It is often combined with platycodon root to clear phlegm and relieve sore throat.
- Pang Da Hai (Sterculia seed) is popularly used in China to brew tea to protect voice. The Chinese herb moistens the lung and benefits the larynx. It is helpful for dry cough, sore throat, and hoarseness.

\*VoiceGold (Bai He Gu Jin Wan/Pian) is made of 100% pure authentic Chinese herbs of highest qualities. Traditional preparation procedures are combined with modern pharmaceutical processes to extract the active ingredients from the herbs and to further concentrate them into pills or tablets. It is produced in the certified GMP facilities of Shanghai TongHanChun Herbs Factory (Guang Ci Tang) and is imported to USA in accordance with the FDA guidelines.
